

Nursery Newsletter Summer 2

HT6 Topic

This half term our topic is **'It's Magic'**. We will initially be focusing on our story 'The Magic Porridge Pot' and then 'Jaspers Beanstalk'. We will be learning about life cycles and different insects using a number of non-fiction books. The children will be learning facts, retelling stories, getting involved in lots of 'wand', 'insect' and 'bug' crafts. We will also be learning about the signs of Summer – looking at insects and plants and sun safety.

Homework

Please remember to send in any homework activities via dojo. We love seeing what you have been up to outside of Nursery.

Snack

The children have the opportunity to make snack on a daily basis. This consists of school fruit and toast and crackers with butter.

We would really appreciate any donations you may have for snack time. E.g. fruit, grapes, pitta bread, crumpets etc .

This would give a bit of variation and enable children to try something different.

Creature Comforts Visit

Wednesday 24th June

Evening BBQ and Sponsored Walk

Thursday 3rd July

We will send more information about this on Dojo nearer the time.

Reception Ready

There will be a half day visit to Whingate Reception this half term. You will be sent information about the day and time for your child to visit. You will also receive information about a Reception meeting that will tell you all you need to know about starting school. We do take children into Reception during Nursery time to get to know the staff and area.

Here are some things you can do to prepare them for school.

Practise getting changed independently.

Practise putting on and off school uniform and PE kit of shorts and t-shirt.

Eating with a knife and fork.

Independently put on own shoes and coat.

Practise name writing.

Independently use the toilet.

**Thank you from The Nursery Team:
Mrs Knights, Mrs Nelson,
Mrs Sykes and Miss Newton**
