HT2 in Reception!

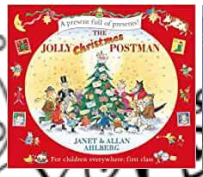

with

Miss Swift, Mrs Cooper, Mrs Knights, Mrs Sykes, Mrs Buxton, Miss Patterson, and Mrs Fulton.

HT2 Topic

This half-term our theme is '**Sights and Sounds of Winter**'. We will be learning about different celebrations which happen over the next few months, focusing on what we see and hear in the winter months. We will explore themes such as Diwali, Bonfire Night and Christmas and we will build on the children's knowledge and experiences from home. We will embed exciting learning opportunities through our provision based on these themes and will read focus texts to support our taught sessions, such as

PE Day

Our PE day remains on a **Monday** and children will get changed **in school.** The children will receive 5 Dojos if they bring in their kit every week.

Earrings MUST be removed for your child to take part in PE.

PE Kit:

A plain white polo top or T-Shirt, black or navy shorts.

Phonics

The children are learning Phonics daily. It is the very first session of our day. Please ensure your child is in school, on time, to access this learning as it is an essential part of the day which teaches your child to read. The children learn through Read Write Inc. We use Fred the frog to help segment and blend words to read (d-o-g, dog).

Letter and Number Formation

We would really appreciate any extra work you do at home with your child on letter and number formation. Naturally, children reverse numbers and letters, but with practice we can help them to learn the correct formation.

Bookbags

Book bags go out on a Friday each week, and we ask for homework to be completed and brought **back no later than a Wednesday,** each week. Remember you can send in pictures to Dojo via a message too.

Stay and Play

Wednesday 4th November 2.15pm- 3pm

In Literacy we will be focusing on children starting to write words together e.g. The big cat. A red bag. I can run. You can support at home by encouraging your child to hear the words in short words in the correct order and to write them.

In Maths we will learn all about numbers 5 to 10 and the different ways we can make them. We will also look at pattern, linked to fireworks and Diwali.
